NOTICE TO CAPITALISTS.
I SHALL Proceed to sell to the highest bidder for cash, at the Court House door in the town of Louisburg, on the 1st Monday in November next, it being the 7th day of the month, some Twenty or Twenty-five Thousand Acres of valuable Land, among which is the well known Portis Gold Mine, lying in Franklin county on the waters of Fishing and Shocco Creeks, containing nine hundred thirty-three and one-third (933⅓) acres together with all the Machinery and appurtenances.
Also all the chattle property. This property is so well known that any particular description is deemed unnecessary. The entire tract is now in gold, and all the difficulty is a full supply of water. We are informed that an Independent Water Company is now surveying a ditch from Sandy Creek, to supply this and other Mines in the neighborhood with water. When this is done and it will be accomplished in a few weeks, this property will be immensely valuable. The property will be sold for cash and unless parties from a distance come in competition, it must be greatly sacrificed.

### THE NEXT LEGISLATURE.

The people of the State must not expect too much of the General Assembly, in affording relief from their pecuniary difficulties, and from taxation. They may with propriety insist upon its holding a strong hand in the way of retrenchment and reform in wiping out as far as possible Radical extravagance and waste, but all our people must bear in mind, that the Radical majority in the last General Assembly, anticipating that the present Legislature would be Conservative, determined to throw as many obstacles in its way as was possible, and succeeded in placing the financial condition of the State in a worse plight, than was ever known before.

The claims upon the State Treasury are large, and amply sufficient under Radical manipulation to consume at once, every dollar which will be paid into the Treasury by the Sheriffs. The policy of the Radical majority was to pass such a tax bill for the present year, as would meet the extravagant claims of the State government, till the meeting of the next Legislature and no more. It seems to be generally understood that it is the purpose of the Radical officiary, not to leave anything in the Treasury by the meeting of the General Assembly. If this be so, it is manifest that the *onus* of financiering from the start, for running the State government, falls upon the General Assembly. In view of this fact, it will be imperious upon the General Assembly to provide as best it may, to meet the demands which may arise with promptness, and the people must cheerfully aid them as far as possible, in maintaining the credit of the State.

### THE RADICAL TARIFF.

In late years the Southern mind has been called off entirely from the discussion of the Tariff question. It is now one of the most important issues in the canvass in the Northern and Western States. The severity of the tariff is keenly felt in the North-Western States, and is crippling commerce and agriculture all over the Union.

A tariff for revenue may be allowable in the present state of the national treasury, but the plea which has been set up and urged for the last thirty years, by Northern manufacturers for the protection of manufactures in their infantile state can no longer be pleaded with any show of reason.

Our people cannot be made to see clearly the ruinous effects of a high tariff upon them individually, in any other way so well, as by a fair comparison of the prices of articles in those countries where articles of foreign production are admitted free of duty or partially, with those countries where a high protective tariff on imported goods is imposed, as in the United States.

The following extract from a Northern exchange, will give some idea of the present outrageous Tariff upon foreign importations, and at the same time show how large and excessive our importations are, rendering it necessary to exhaust the income of our exports, to meet the heavy drawback to American industry:

EXCESSIVE IMPORTATIONS.—The importations of foreign merchandise for the past four weeks have reached the enormous sum of $28,000,000. Without any allowance for undervaluation or smuggling, and at an average duty of forty-seven per cent., these importations must have paid a tax to the government of upward of $13,000,000.

But this does not fix the idea definitely in the mind of the ordinary reader, as the ruinous extent of the tariff upon him personally.

Several gentlemen from this section have during the past summer, travelled in Canada. All of them were forcibly struck with the cheapness of all articles of merchandise in Canada, compared with the price of the same articles in the city of New York. One gentleman informs us that he bought a fine overcoat for his son in Montreal for $20 which he was told would have cost him $50 or $60 in New York. He found sugars, for which we pay here 16 to 18 cents, were selling there for 8 to 10 cents. Another bought a suit of clothes in Toronto for $23 for which he would have paid $35 or $40 at home. Ladies fine kid gloves are bought for 75 cents, for which we pay here, $1,50 to $2. Facts of this kind, which the people can readily understand, if frequently and fairly laid before the people, would soon result in a change in these matters. New England holds the money-bags of the nation and hence it controls the legislation of the Union. But give the people light and truth, and its power will be broken.

### GOVERNOR GRAHAM'S ADDRESS.

It has heretofore been announced that Gov. Graham would be solicited to deliver an address, at our approaching State Fair, on the life and character of the late Chief Justice Ruffin, for many years President of the N. C. Agricultural Society. We learn that Gov. Graham has consented to deliver the address on Friday of the Fair, at the Fair Grounds, at 11 o'clock, A. M.

The Address could not be arranged for an earlier day of the Fair, owing to pressing business engagements of Gov. Graham.

The *Star* mentions a number of recent outrages in Robeson County, robbing houses, abusing persons—in one instance cutting off the ear of a servant of a lady who had been robbed of her jewelry. The robbers were pursued by a large number of citizens with a determination to bring them to justice.

## REMARKS OF HON. W. H. BATTLE,

Upon the application of Josiah Turner, Jr., to Justices Dick and Settle at Chambers, for a bench warrant against the Governor, W. W. Holden; G. W. Kirk, G. B. Burgin and Alex Boffin, colored, upon affidavit of unlawful arrest, &c.

Their Honors desired an argument upon the questions: 1st. Whether upon the facts stated in the affidavit, they could issue a warrant against the Governor. And, 2ndly, whether, if a warrant be issued against the other parties, it can be served upon them within the limits of the counties of Alamance and Caswell, while they remain in a state of insurrection, as proclaimed by the Governor.

After arguments by the counsel for the defendants, Mr Battle spoke in reply substantially as follows:

MAY IT PLEASE YOUR HONORS. In making the few remarks which I have to submit in this case, it is proper that I should advert to the fact that the Counsel who appear for the defendants, state that they have no instructions from the Governor to appear for him; that so far as the argument may affect him, they are acting as *amici curiæ*. I have also to come before your Honors as *amicus curiæ*, as I have been requested by my client, Mr. Turner, not to make an argument for him.

I was pleased to hear the counsel on the other side say, that this was not an occasion for a popular address. I am not fond of making such addresses. I have been so long withdrawn from the scenes which require them, that I should feel entirely out of place in attempting to make one. This is a discussion on a question of law, to be argued by counsel as lawyers, and only as lawyers.

These are momentous questions; so admitted to be by the counsel, but not for the reasons stated by them. In discussing them I shall attempt not to wander off from the points in dispute. Confined to them, the discussion must be very narrow.

Here is an affidavit by a citizen of North Carolina, which the gentlemen admit must be taken as true, setting forth that he was illegally arrested,—arrested without a warrant and unlawfully deprived of his liberty. The affiant states by whom the arrest was made; and further, that it was made by the order of William W. Holden, the Governor of the State. If the arrest were made illegally, all concerned with it were principals, including Gov. Holden, who commanded it to be done. Gov. Holden was, therefore, a violator of the law. I say then that the question is a most important and momentous one. Why do I say so? It is because the liberty of every citizen of North Carolina, high or low, white or black is involved in the decision of it; and whatever involves the liberty of the citizen must necessarily be a momentous question.

Let me call the attention of your Honors to the Bill of Rights, which is admitted to be the Supreme law of the State, superior even to the Constitution itself, when there is any discrepancy between them. The 15th section declares that "general warrant, whereby an officer or messenger may be commanded to search suspected places, without evidence of the act committed, or to seize any person or persons not named, whose offence is not particularly described and supported by evidence, is dangerous to liberty." Now, does not this section of the Bill of Rights apply just as strongly to a case of seizing a person without any warrant or authority whatever? Assuredly it does. Well, may it please your Honors, let us see what the 17th section says: "No person ought to be taken, imprisoned or dissezed of his freehold, liberties or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty or property, but by the law of the land." Can there be anything more pointed than that against the unjust deprivation of the liberty of a citizen. Sirs, this Constitution, including the Bill of Rights, was adopted by a majority of the people of North Carolina. We have all adopted it, and most of us have been sworn to support it. Here, then, is one of our fellow citizens, who comes for ward and swears that he was seized illegally, without any warrant at all. I will not refer, at present, to the manner in which he states that he was treated, for that does not enter into the question now before your Honors upon this application for a bench warrant; and your Honors cannot look at the manner in which the affiant was treated, until it comes before you in a proper way. Nor can your Honors, at this stage of the case, listen to the defence which the gentlemen on the other side attempt to set up for the Governor. It will be time enough to hear that when the Governor is taken under your warrant and brought before you for a preliminary examination.

Let us look into this matter a little. Suppose a man were to apply to Mayor Harrison for a warrant, upon an affidavit stating that a person had knocked him on the head. Would Mayor Harrison listen to an objection from that person against the suing out of the warrant? Certainly not. He would say to the defendant, "you must wait until you are taken and brought before me for trial. Then, I will hear what you have to offer in your defence." Suppose Friday Jones were to complain to the Mayor that a white man had made an attack upon him, or a white man should make such a complaint against Friday Jones, would the Mayor permit the gentleman to come before him and make a learned speech about the danger of violence done to or by one of Friday Jones' race? Why, sirs, Mayor Harrison would show himself unworthy of his office, (and by the way, I believe he is a most excellent officer,) if he should not insist that the parties must wait until the case should come properly before him.

If then the Governor of North Carolina has done wrong in ordering the arrest of the affiant, as we will insist he has, then I contend that he is just as liable to be taken upon a warrant as any other person. I contend further that the President of the United States himself, if he commit a crime, is just as liable to be taken up as any other person. I say, sirs, that we have no such doctrine in this Republican country, as that the King can do no wrong. I defy the gentlemen on the other side to produce any authority for the proposition, that any man in this country is above the law, be he President or be he Governor. Why, sirs, is is not very long since, General Grant, before he became President, but while in command of the whole army of the United States, was, as the papers informed us, arrested for driving too fast through the streets of Washington City. He no doubt forgot at the time that he was violating the law, but he submitted to the arrest and promptly paid the fine imposed upon him, thereby showing that he knew his duty and was ready to submit to the law.

May it please your Honors, we claim it as our English heritage that every man is entitled to the protection of the law, and that every man is subordinate to the law. We have derived most of our laws from England and the principle I have stated is our birthright. It is true that in England, for reasons which do not apply in this country, it is held that the King can do no wrong. It is a general rule that all persons are liable for criminal acts, except those who cannot have a *guilty will*, such as idiots, lunatics and infants under a certain age. There is however, the solitary exception in the case of the King or Queen regnant. Your Honors will find this laid down in the 2nd chapter of the 4th book of Blackstone's Commentaries, which it is unnecessary for me to read to you. In the 1st volume of Blackstone, the reason for this immunity is given. It is deemed all important in England that the subject should have the greatest reverence for the King, and should look upon him as little less than celestial. Though the King as an individual may go out and commit an act, which in any other person would be a wrong, yet as the attempt to punish the King might lead to civil war and other dreadful consequences, it is thought best not to hold him responsible for it. Another reason is that the King is regarded as perfect. He "is not only incapable of *doing* wrong, but even of *thinking* wrong; he can never mean to do an improper thing; in him is no folly or weakness." 1 Blac. Com. 246. Does our law say that this is the case with regard to our Governor? Certainly not. Our law supposes that the Governor may do wrong, for our Constitution provides that he may be impeached. The Constitution says this in two places. See art. 3, sec. 12 and art. 4, sec 6. Yes, sirs, it thus repeats the doctrine that the Governor can do wrong, by saying that he may be impeached. And it says further, that impeachment shall not prevent his being subject to indictment like other people. See art. 4, sec. 5. And the same is the case of the President of the United States. He may be impeached, and we all know that a President has been impeached. Why is this? It is because we have not imported from England those kingly ideas of perfection which would hold out our chief rulers as persons who can do no wrong and think no wrong. It seems to me perfectly plain then that as the Governor may commit a criminal act, he may be arrested for it even by a warrant from a Justice of the Peace, much more by a bench warrant from your Honors who sit in the highest judicial seats of the State. This question was decided in England by the Court of King's Bench in the celebrated case of *Mostyn vs. Fabrigas* 1 Cowper's Rep. 16, where this very defence was set up that the defendant being Governor of the Island of Minorca could not be called to account, though he had caused the plaintiff to be seized and banished from the Island. What does Lord MANSFIELD, who delivered the unanimous opinion of the Court, say? Why he says that "it has been insisted by way of distinction, that supposing an action will lie for an injury of this kind committed by one individual against another, in a country beyond the seas, but within the dominion of the crown of England, yet it shall *not emphatically* lie against the Governor. In answer to which I say, that for many reasons, it it did not lie against any other man, it shall *most emphatically* lie against the Governor." 1 Cowper's Rep. 172. This proceeds upon the idea that the higher the individual who does wrong, the greater the crime. Have not your Honors just acted on this very principle in binding over one man on account of his high standing in a bond of $10,000, while for the same offence you bound over other persons in bonds of only $2,000? So I say with reference to the Governor, he must be amenable for the violation of the law if no one else in the State is so. With the exception of the King or Queen reguant, the English law is, that every body, even the prime minister may be arrested for any criminal act he may commit. I assert without fear of contradiction that the elder Pitt even, when he was at the height of his fame, wielding more power than any other man in the world, might have been arrested under a warrant from the lowest Magistrate in the city of London. I hope then, Sirs, that I am never to hear again in this country that any body, Governor, general or President, is higher than the law, or beyond the reach of the law. I think I may take it for granted, then, that in a proper case the Governor may be arrested. And thus falls to the ground the only argument set up for him. Not a word can be alleged at this time in defence of his course. The only thing before your Honor is, that he has caused a man to be illegally seized and deprived of his liberty. You can consider only the things now brought before you.

(Mr. Bailey—"Can their Honors not take official notice of the Governor's proclamation.")

Mr. Battle—Yes they may; when he brings them forward at the proper time and in a proper way. I have also, may it please your Honors, disposed of the first question.

2. What is the next question? It is, whether your Honors have the right to issue a writ to go into the insurrectionary counties. I do not see how that question arises, for it is not stated that any of the parties are in the insurrectionary counties.

Judge Battle—They were there when the offence was committed.

Mr. Battle—Yes may be in this city now. But I am ready to admit that some of the parties are there or were there, and I will argue the case upon that supposition. And I shall contend that the Act of 1869 70, ch. 27 entitled "an act to secure the better protection of life and property," commonly called Shoffner's act, is unconstitutional. I contend so, because the construction put upon the act by the Judges of the Supreme Court has the effect to suspend the writ of *habeas corpus*. Any act which produces such a result must be unconstitutional, for the reason that the Bill of Rights expressly declares that "the privileges of the writ of *habeas corpus* shall not be suspended." My course of argument is this: I admit that the Governor of the State is by the Constitution made Commander in Chief of the Militia. Now, who are the militia? The gentlemen were pleased to read an opinion of Chief Justice Pearson, which contains a manifest mistake. The Chief Justice says "that every able bodied man in the State, belongs to the militia." That is not so. The 12th Art. of the Constitution declares "that all able bodied male citizens of the State of North Carolina, between the ages of twenty one and forty years, who are citizens of the United States, shall be liable to duty in the militia." Now, there are some very strong young persons under twenty one years of age, and many men above the age of forty, who can do very good service in war or peace. These men, no, constituting a part of the militia, may form an effective *posse comitatus* for the execution of a precept in aid of the writ of *habeas corpus*. But the Chief Justice says, that all the persons in a County which has been proclaimed to be in insurrection are insurgents. I have heretofore, on another occasion, contended that that cannot be true. And I have asked whether, if the counties of Guilford and Rockingham were declared to be in insurrection, it would make your Honors, who respectively reside in those counties insurgents. What is an insurrection? Why, it is nothing more nor less than treason. It was so decided in the case of the whiskey insurrection in Pennsylvania. And, if declaring a county to be in insurrection makes every person in it an insurgent, then it follows that the innocent are confounded with the guilty, and all must be punished alike. What is an insurgent? He or she is very near a rebel. We get the term from England. It means every person who rises up and opposes the regular execution of the laws. The difference between an insurgent and a rebel is, that a rebel rises up and attempts to subvert the government, and an insurgent only attempts to prevent the execution of certain laws—both are guilty of treason; and if you can declare a man to be an insurgent, you have a right to try and hang him; and thus you have a right to try, and hang every man, woman and child in Alamance and Caswell because they are insurgents. Well, say the gentleman, what will you do with that clause of the Constitution which gives the Governor the power to "suppress riots and insurrection," unless you allow him first to declare a county to be in a state of insurrection.—I admit the power of the Governor to declare by his proclamation the existence of an insurrection, but I deny his power to say that every body living within certain lines are insurgents. I shall not, on this occasion, dispute the correctness of any decision made by the Judges of this Court.—Admitting then that the proclaiming a county to be in insurrection makes its inhabitants all insurgents, I deny the constitutionality of a law which authorizes such a proclamation. The Shoffner act was evidently drawn by a person who did not understand the legal effect of what he was doing. Instead of giving power to the Governor to declare a *County* to be in a state of insurrection, it ought to have given him power to declare that an insurrection existed *in the county*. In that case the innocent and the guilty would not have been confounded together; and the Governor might then have sent the militia into the insurrectionary districts to arrest all suspected persons and turn them over to the civil authorities as soon as he had done so. My conclusion then is, that the Legislature could not authorize the Governor to do an act which violates the fundamental law of the land; and it is a violation of that law to declare a man without a trial to be guilty, when he is entirely innocent. The act being thus unconstitutional, it follows that your Honor's warrant may run into Alamance and Caswell, as well as into any other county. These gentlemen have been pleased to say a great deal about the Ku Klux and their doings; they have charged them with plotting for the overthrow of the government. Sirs, whatever else they may have proved, they have not produced a particle of evidence to prove that charge. I admit that they have shown, if their evidence is to be believed, that members of the Ku Klux Klan have committed one act of arson and fire or six of whipping. I admit that all these cases were violations of law, and the persons guilty of them ought to be punished for them. I am as much opposed to the Ku Klux as anybody; I am opposed to all secret political associations, whether White Brotherhoods, Union Leaguers, or any others of the like kind; and if I had the making of the law, I would enact that all such secret societies were criminal, and that the members of them should be liable to punishment. I have never belonged to but one secret society, and that was a literary one, the Dialectic Society, at Chapel Hill. With the exception of a few benevolent societies, such as the Masons, Odd Fellows and the like, I would suppress all others. (Mr. Battle, here turned to Mr. Bailey and said, "does that suit you, sir?")

Mr. Bailey—"Perfectly sir. But take care, or all the men will be rushing down in arms from Alamance and Caswell."

Mr. Battle—I think your Honors will bear me out in the assertion that they have not proved the existence of even one Ku Klux camp in the county of Caswell, and only a few stragglers on the borders of that county.

Mr. Bailey—I never said there were any Ku Klux there.

Mr Battle—The gentleman, to justify the arrest of Josiah Turner, Jr., talks as if the life of the nation were at stake. Yes, the arrest of Josiah Turner, Jr., is, by counsel, put upon the ground that the life of the nation is at stake! That is it!! Now, may it please your Honors, I believe I have said all that the occasion demands. I have detained you longer than I intended. If I had confined myself to the legal questions, I should not have detained you fifteen minutes, but when I heard the remarks of the gentleman, my spirit was stirred within me by such doctrines as he advocated and such declarations as he made.

I close my argument by declaring, that in this country no man is above or out of the reach of the law. If Governor Holden goes out and assails any man unlawfully, the humblest Magistrate in the county may cause him to be arrested and held to answer for it. If the President of the United States were to violate the law, he might, in like manner, be held to answer for it.—And, sirs, I believe that the President of the United States would submit to the arrest. He would never say, nor let it be said for him, that the "life of the nation was at stake," to prevent his being taken up and punished.

Creech's.

I MAKE MY BOW AGAIN TO MY NUMEROUS friends and patrons, with a house full of goods and still they come.

Why, just look, the streets filled with drays all loaded with new Good's

FOR CREECH'S.

Just received, 50 CASES OF DRY GOODS, containing a large and varied assortment; and when you talk about Dress Goods, and when you think of new styles and speak of Goods at the right prices, why, bear in mind that they are here and now opened at Creech's. COME AND LOOK AT THEM.

CALICOES, CALICOES.

I will sell you Calicoes at 8 cents per yard; won't you look at them at 10 cents? and cant you afford to buy them at 12½.

Goods for Men's and Boy's Wear.

Don't you know that I keep the best assortment in the City? You that do not know it, come and look at them and to you that do know, come right along and buy what you want. I have got some for the boy's, plenty for the men's. A fine supply for the young men and enough to keep the old gentlemen warm, so why not spend a few moments at Creech's and satisfy yourselves?

There the remote Bermudas ride
In the Ocean's bosom unespied;
From a small boat that rowed along
The listning winds received the song.
COME TO CREECH'S.

Cloaks and Shawls, Cloaks and Shawls.

Did I say Cloaks and Shawls? That is just what I mean. Why I will sell them to you for $2.00! Do you want them cheaper? same quality. Cant find them! Do you want them finer? I am just the man that has them. 3, 7, 8, 10, 12, 15, 20, 2 and 30 dollars; do you want them finer still? Just say so, and I am the man to order them.

Boots and Shoes, Boots and Shoes.

Just received 100 Cases for Ladies, Misses, Boys and Children; so just put that naked foot into a boot or shoe, for it will soon be cold weather, and my friend, I see your boots are wearing out, and your shoes have a hole in them, so you had just as well come to Creech's, and buy a new pair. They look better and fit better, any way; they keep your feet dry and preserve your health.

Hats, Hats, Hats.

All right; Prices right; Styles right; and did you know that Creech's is the place to buy hats right? Come and look.

Ladies' and Misses' trimmed and untrimmed Bonnets; Would you not do well to spare a few moments and come and look at them?

I beg leave to return my sincere thanks for the patronage I have received for the last 20 years at your hands and I hope, by strict attention to business representing goods as they are and in every instance giving you the worth of your money, to continue to share a liberal portion of your patronage.

NEW ADS.—Jordan & Carr, dealers in drugs and medicines, Petersburg, Va., offer superior inducements to Virginia, North Carolina and Tennessee merchants.

A testimonial in favor of Pratt's Astral Oil, Julius Lewis.

Court advertisment from Lenoir County.

City Hotel, noticed elsewhere.

Piano for $35, a very good one at the price, for children to practice on. Parents who have children taking music lessons, and who have not a piano at home, would do well to give this matter consideration.

MAYOR'S COURT.—This Court was again without business yesterday morning.

MASONIC.—There will be a called meeting of Raleigh Chapter, No. 10, R. A. M. tomorrow (Friday) evening, for work; all companions in good standing are invited to attend.

D. AND D. INSTITUTE.—We understand that there was an adjourned meeting of the Board of the Deaf and Dumb Institution held on Wednesday night, at which it was resolved to go into an election for Superintendent in place of Prof. W. J. Palmer, resigned.

Mr. John Nichols was put in nomination and received a majority of the votes; but as there were some members of the Board who were opposed to him, he declined the position, and the Board then determined to postpone any further action until the 1st of November.

MORE HOTEL ACCOMMODATIONS.—See the card of Mr. Marx Schloss, who has permanently opened the house long favorably known as Cook's Hotel. Mr. Schloss has experience in Hotel keeping, and will use his best exertions to render comfortable all who may patronize his house.

CENSUS TAKERS.—We observe that our exchanges are publishing the official returns of the census in several counties of the State. One of the census takers was applied to for the census of his township and his reply was, that the instructions of Marshal Carrow forbid his giving an official or exact return. Why is this? As an item of news it is interesting to the people, and we think that the people have a right to know the census of our towns, townships and counties, as soon as it is correctly ascertained by the census takers, and that they ought to be permitted to publish it for general information as soon as they can do so.

SHERIFFALTY OF JOHNSTON.—We are requested to correct the misstatements made in reference to the Sheriffalty of Johnston. It is not true that the Commissioners of that county refused to accept the bond of Mr. Hill, late Sheriff. Mr. Hill never tendered his bond according to law to the Commissioners. Because of his failure to do this as prescribed by law, and inasmuch as Mr. Cullum who had been elected by the people, did present to them a properly filled bond, they confirmed the act of the people in electing him. Mr. C. did not present his bond to cover taxes &c., for the simple reason that it was agreed to appoint a tax collector who was to give the bond. As he has not compiled, a collector will be appointed in a few days.

Mr. Hill having failed to present his bond properly filled up, as prescribed by law, the office was vacant, and the Commissioners did their duty in filling the office promptly. Radical Commissioners throughout the State, have often violated their duty by delaying to fill the office in a reasonable time, or by taking insufficient bonds from the Sheriffs, because they were Radicals.

The last Rutherfordton *Vindicator* contains the following:

Messrs. G. W. Sutt'e and James Monis were licensed to practice law by His Honor, Judge Logan.

How is this? We had supposed that the last General Assembly repealed the law which authorized any Judge to license a man to practice law on the payment of $20, and that applicants were required as formerly to apply for license to the Supreme Court and to be examined as formerly. That has been our impression.

The debt of the city of Wilmington is $181,082.

NEWBERN, N. C. Oct. 3rd, 1870.

*Mr. Josiah Turner, Ed. Raleigh Sentinel:*

DEAR SIR:—Will you please inform me through the SENTINEL (or by letter as you may judge best,) whether within your experience you have known of a "*colored man*" being named *for "giving aid and comfort to the rebellion,"* or one of the same gentry who has had his disabilities removed by Act of Congress. If in the latter case will you be kind enough to furnish me the name or names and what offices they now hold?

Respectfully yours,
A CITIZEN OF CRAVEN.

We have never heard of any such case as that alluded to by our correspondent.—ED.

*COLLECTING TAXES.*

We suggested the other day a change in the time of collecting taxes. We are not anxious that our suggestion, to collect in quarterly payments, only as a relief to the people should be carried out; but we still think that the amount of taxes which will be absolutely necessary to be collected from the people, to meet the large demands of the State government, at least, until the Constitution is altered, and the present Radical *regime* is displaced by a return to our old forms, will require that it shall be collected in at least two, if not four instalments,—but the increased labor upon tax collectors, we are aware, will be serious, yet if stern necessity demands it, it should be done.

The Charlotte *Democrat* suggests, that the time should be changed to the 1st or 15th of December. If the taxes be collected at one time, it ought to be put off at least, till the 15th of December. That would suit the cotton better than the tobacco section of the State. If half could be collected on the 1st of December, to be due at the Treasury on the 15th, and the other half the 1st of April to be due at the Treasury on the 15th of that month, it would be better.

*PROCEEDINGS OF SYNOD.*

RALEIGH, Oct. 6 h, 1870.

Synod met in the Presbyterian Church at 9½ o'clock, A. M. Rev. S. A. Stanfield, Moderator in the Chair.

Session was opened by religious services by the Moderator.

The roll being called, there was a considerable accession of members, both ministers and ruling elders, to those present at the opening last evening.

The Synod embraces the Presbyteries of Orange, Concord, Fayetteville, Wilmington and Mecklenburg.

Rules of order and appointment of Committees were then made. Statistical reports, narratives upon the state of the Churches and reports upon systematic benevolence, were then read, showing an encouraging state of things among the Churches.

Ordered, that the subject of Sustentation, or Domestic Missions, be the first order of the day at 10 o'clock, A. M., to-morrow.

The subject of Education was made the second order for to-morrow.

The subject of Foreign Missions was made the order for 4 o'clock, P. M., to-morrow.

The subject of Publication was made the order for Saturday at 10 o'clock, A. M.

During the session quite a discussion sprung up on questions relating to presbyterial order.

Synod fixed the meeting of its next session at Fayetteville.

It was announced that Rev. Mr. Harding would preach to-morrow (Friday) night.

Synod then took recess at half past one o'clock, to meet again at four o'clock P. M.

AFTERNOON SESSION.

The Synod resumed its sitting at 4 o'clock, P. M.

Moderator Stanfield, presiding.

The discussion upon the report of the records of the Wilmington Presbytery was resumed. [Discussed during the morning session.]

On motion the matter was temporarily postponed.

Rev. Mr. Currie submitted a report from the Committee on the Minute of the death of the Rev. J. J. Lynch. The report was accepted and adopted.

On motion the report on the records of the Wilmington Presbytery was taken up, and after some little debate, was adopted.

Rev. Mr. Isler offered an overture from the Wilmington Presbytery to settle the boundary line between the Orange and Wilmington Presbyterics. Referred to the Committee on Bills and Overtures.

Rev. Mr. Munroe offered a resolution to change the boundaries between the Wilmington and Orange Presbyteries. Same reference.

On motion of Rev. Mr. Hill it was decided to hold the next Synod at Fayetteville on the 11th of October, commencing at half past 7 o'clock P. M.

Rev. Mr. Dalton from the Committee on the Records of the Mecklenburg Presbytery, submitted a report, presenting two exceptions.

On motion the consideration of the first exception was postponed, and the second was afterwards withdrawn.

On motion of Rev. Mr. Banks, the Synod adjourned until to-morrow morning at half past 9 o'clock.

Prayer by the Rev. Mr. Dalton.

PERSONAL.—The following prominent gentlemen are in the city, and stopping at the Yarbrough House:

**Bear in Mind.**

When disease has undermined the health, and the physical system has become prostrated, a stimulant that will not only strengthen, but remove the cause, should be immediately resorted to. Mental distress is also a fruitful source of the breaking down of the constitution, and the ravages of this enemy to health are truly alarming. For all such maladies Hostetter's Stomach Bitters have been found unsurpassed. By acting directly upon the digestive organs, they remove the heavy, disagreeable feeling after eating, so often complained of by persons of a delicate temperament. As soon as digestion is restored, the patient finds his strength increasing, and his general health improved.

Thousands of persons certify that it may be relied on in all cases of weakness or nervous debility attendant upon sedentary habits. The generality of Bitters are so disagreeable to the taste that they are objectionable to a weak stomach. This is not the case with Hostetter's Bitters, which will be found mild and extremely pleasant. Balsamic plants, barks and roots contribute their restorative juices to render it soothing and strengthening. Its basis is the only pure stimulant which has ever been produced, containing no fusel oil, or any other deleterious element. The most careful and skilful chemists have analyzed the Bitters, and pronounce them harmless. This is scientific testimony; but the testimony of the hundreds of thousands who have experienced the preventive and curative effects of the GREAT VEGETABLE TONIC and ALTERATIVE of modern times is still more conclusive. In Fever and Ague, Dyspepsia, Biliousness, Nervous Complaints, Chronic Complaints and general debility, it is as nearly infallible as anything in this fallible world can be

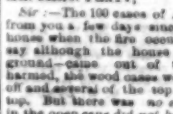
**IMPORTANT TO ALL WHO VALUE THEIR SIGHT.**



THE SIGHT OF THE AGED ASSISTED, THE WEAK STRENGTHENED AND THE PERFECT PRESERVED.

The Celebrated Concave Convex Crystal Spectacles, and Eye Glasses manufactured by the

**PHILADELPHIA OPTICAL INSTITUTE,**

HAVE now been a long time before the public, and the rapid and increased demand for them, combined with the universal acknowledgment of their clearness and vision and ease to the eye, shows plainly that they are superior to any other glasses in the market.

The advantages claimed for the Concave Convex Crystal Glasses are the following:

The Lenses are ground of the best material pure and hard, and made only for optical purposes, they are therefore not liable to get scratched or dim.

They confer a brilliancy and distinctness of vision not found in any other glass.

They can be used equally well by day or candle light without tiring or fatiguing the eye.

They are ground mathematically true to the concave convex mirror, according to the philosophy of nature, and shape of corner of the eye, therefore assisting nature only instead of forcing it.

That the lenses are centered correct into the frames.

They can be used longer than any other glasses without changing to a higher power.

The frames are made strong and durable by experienced workmen and warranted to give satisfaction.

With a view to meet the increased demand for our celebrated Spectacles, we have appointed an agent for this neighborhood, as stated below, who has received all needful instructions, and will, in all difficult cases, have the assistance and consultation of a practical Optician from the Institute here

FRANCE.

TOURS, Oct. 6.—The battle of the 4th near Chateau Gai hard, was productive of important results. The Prussians were defeated and the positions taken by the French compelled the Prussians to evacuate Pothevierres. The Prussians abandoned Pothevierres so hastily that they left many cattle and much forage.

ENGLAND.

LONDON, October 6.—Late Paris advices report much plundering on the railways and highways.

BEAUVAIS, 41 miles North of Paris, is made a great victualing station by the Prussians. The preparations for the bombardment of Paris are nearly completed.

It is stated that Alabama is to constitute a separate military district in the Department of the South, with Gen. A. W. Crawford commanding. It is also stated that ten additional companies will be sent there.

The private and diplomatic dispatches received here, represent the condition of Paris as good. Metz has been reinforced.

King William will be disappointed in the expectation of finding anarchy at Paris. The French are arming new troops very rapidly.

ENGLAND.

LONDON, Oct 6.—One of the cables has been injured near New Foundland. It is hoped that it will be repaired in a few days.

GEORGIA.

AUGUSTA, Oct 6.—The Republican Convention held in this city on yesterday, nominated for Congress, Col. Isham S. Fanin, of Morgan county, for the long term, and Thomas F Board, colored, of Richmond county, for the short term. The Convention was very unharmonious.

FOREIGN.

LONDON, Oct. 6.—The adherents of the French Emperor are active. Rouher and Baron Jerome David, who lives here, visited the Empress.

It is rumored that Prussia is not averse to these movements in favor of Napoleon. Some assert that Bismarck furnished a part of the funds for the establishment of the *La Situation*, the imperial newspaper here.

LATER.—Paris advices say that Trochu is turning Gen. Ripley's experience and ability to good account.

A French Iron clad is cruising in the channel. A French battalion commanded by Duke Pitz James, is mentioned as having distinguished itself before Soissons.

Recent travellers from Strasburg report the Cathedral as having suffered severely.

NEW YORK

NEW YORK, Oct. 6.—*The World's* special dispatch, dated London October 5th says the *Standard*, (D'Israeli's organ) of to-morrow, will contain an article written in anticipation of the death of Gen. Lee, reported by the telegraph to be lying now at the point of death in Virginia. The article says: "A country which has given birth to such a man as Robert E. Lee, may look the proudest nation in the most chivalrous pride of the history of Europe, fearlessly in the face; for no race has in any age produced a nobler soldier, christian gentleman and man, than the heroic Virginia Captain."

NEW YORK Oct. 6.—The *Telegram's* special Berlin dispatch says that King William sanctions the dismissal of the Germans expelled from France for indemnity. The German maritime towns also demand indemnity for the sojourn of ships at home and abroad by the blockade. Indemnity is also asked for the opposition on the part of France to the progress of civilization, in the seizure of private property on the highways. This indemnity is asked to prepare the way for an universal recognition of the sanctity of private property during war.

# The Equitable

**LIFE ASSURANCE SOCIETY OF THE UNITED STATES**

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
**CHARLOTTE, N. C.**

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000 000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $6,500,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4,000 000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $2,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending December 1, 1869, was $33,021,341.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Distribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000 000 greater than any other company.

FOR THE IMPROVED

## "UTLEY COTTON PRESS."

THE "UTLEY PRESS" so well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

## Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 130,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 500 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box, 8 feet; Size Bale 4½ feet x26x28x50in; wt. Bale 400 to 550 lbs.

THOS. H. BRIGGS.

Having packed bales to weigh from five hundred and ninety (590) to six hundred and twelve pounds (612.) I consider it the best and most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of North Carolina.

I packed my own crop of cotton, also other crops for my neighbors, making in all one hundred bales. ISSUES ALL FORMS OF NON FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES on the Mutual Cash Plan, declaring Dividends annually after the first annual premium paid. Assets exclusively Cash with no portion of its reserve fund in premium notes, consequently its "reserve" is stronger than that of any Company doing business in this State. No "*Definite surrender values guaranteed*" as an inducement to new business, but reference is made to the average amount, paid on each surrendered policy as shown by New York Insurance Reports, that by evidence of having paid larger surrender values, than has been given under a minimum "Definite Cash Surrender Value." *Death losses* have not occurred, out of several hundred policy-holders in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "*Fictitious Dividends* are not declared, but Dividends are given from the actual surplus in accordance with the Company's Charter. The attention of the public is invited to the following comparison of cost, demonstrating the advantages over ordinary insurances, of the

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, and a *certain legal standard of reserve* and accumulation must be held by the Companies to meet all their liabilities.

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.
